

## Grants by Grant Cycle

Grants matching your search for 2015-16 *Tire-Derived Product Grant Program (TDP16 )*

### Butte County

**Grantee:** City of Oroville

**Amount Awarded:** \$62,970.00

**Grantee Contact:** Dawn Nevers

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** To remove existing deteriorated natural bark material from the landscape planters in (6) locations (Oroville Airport FBO, Centennial Cultural Center, Grayhawk Estates, Bolt's Antique Tool Museum, Park & Ride, and City Hall) and replace with tire derived products (nuggets). Install rubber nuggets/mulch for use in landscape applications to conserve and reduce the use of water as 20% reductions (28% in east Oroville) have been mandated by the State of California. Landscape planters are to receive the tire derived materials at approximately 2-3 inches deep in each location.

*Total Awarded for County:\$62,970.00*

### Fresno County

**Grantee:** City of San Joaquin

**Amount Awarded:** \$149,865.00

**Grantee Contact:** Chad McMullen

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The proposed project will replace wood chips with recycled rubber mulch within the City's Sports Park at the Trail Head and Trail Plant Area. The project will divert 33,083 PTE's from the landfill.

**Grantee:** Pine Ridge Elementary School District

**Amount Awarded:** \$23,936.00

**Grantee Contact:** Mia Burton

**CalRecycle Grant manager:**

**Project Summary:** Creation of an upper grade play area where none ever existed.

*Total Awarded for County:\$173,801.00*

### Humboldt County

**Grantee:** McKinleyville Community Services District

**Amount Awarded:** \$50,220.00

**Grantee Contact:** Lesley Frisbee

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** McKinleyville Community Services District has three existing playground areas for which playground safety surfacing is needed. In addition to the existing playground areas there is a new swing set is scheduled to be installed at Pierson Park which will require safety surfacing. Tire derived products are in use at some of our playground sites and this grant will enable us to have consistent safety surfacing at all of our playground sites.

*Total Awarded for County:\$50,220.00*

### Imperial County

**Grantee:** Imperial County

**Amount Awarded:** \$15,548.00

**Grantee Contact:** Mr. William Brunet

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Currently the Department of Public Works has identified that the Poe Colonia Waste Water Treatment Facility is experiencing problems with weed infiltration and uneven and unsafe walking pathways for staff who visit the site to inspect water filters and the onsite power station. In an effort to decrease weed infiltration and avoid injuries caused by uneven ground, Public Works will be installing rubberized mulch around areas with the most use by staff.

*Total Awarded for County:\$15,548.00*

## **Kern County**

**Grantee:** City of Arvin

**Amount Awarded:** \$149,974.00

**Grantee Contact:** Ms Sonia Hall

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The proposed projects seek to improve the accessibility and safety of our local parks through the use of tire-derived products. In order to accomplish these goals, the projects will incorporate products that satisfy both the requirements of the TDP 2015-16 program and the needs of our community. The first project will consist of rubber mulch at all three playground locations (Di Giorgio Park, Jewett, Kovacevich Park, and Smothermon Park). The second project will remove the grass and install "rubber bark" at the medians throughout the City of Arvin to address the drought. This is part of our strategy to conserve water.

The projects, together, will lead to the installation of 390,000 pounds of TDP rubber, which will divert 32,500 PTE's from California's landfills.

*Total Awarded for County:\$149,974.00*

## **Kings County**

**Grantee:** Central Union Elementary School District

**Amount Awarded:** \$149,795.00

**Grantee Contact:** Tom Addington

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Central Union elementary School will distribute 2100 Supersacks of Rubber Bark at the Akers, Central and Stratford Schools. The project diverts a significant number of CA Tires.

*Total Awarded for County:\$149,795.00*

## **Los Angeles County**

**Grantee:** City of Carson

**Amount Awarded:** \$150,000.00

**Grantee Contact:** Garrett Roberts

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The proposed project for this grant involves using rubber mulch to assist with water conservation efforts throughout the City of Carson. The rubber mulch will be used at various locations, including: the landscape area entering/exiting the freeway for both Wilmington Avenue/I-405 Freeway and Avalon Boulevard/ I-405 interchange freeway.

**Grantee:** City of La Puente

**Amount Awarded:** \$74,657.00

**Grantee Contact:** Mr John Di Mario

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of La Puente is a working class community located in 20 miles east of downtown Los Angeles. The City's population, based on the 2010 U.S. Census, is 39,816. The City is an economically disadvantaged community with a poverty rate, according to the U.S. Census 5-year survey, at 19% compared to the State of California average of 14.2%. The City of La Puente is proposing the "Rubberized Material Weed Abatement Project" to improve the quality of life for its residents, increase pedestrian use of parkways and greenways and reduce water usage.

The City of La Puente will install rubberized nuggets, in place of wood chips, to serve as a weed barrier material at the following parkway locations:

1. Nelson Ave. (north side) from Sunset to Orange – 9,050 square feet.
2. Sunset Ave. (east side) from Prichard to Temple – 2,950 square feet.
3. Sunset Ave. (west side) from Temple to Amar – 8,800 square feet.
4. Unruh (east & west side) Nelson to Prichard – 9,900 square feet.

The installation and use of the rubberized nuggets will enhance the landscape, increase park use by residents along the parkways/greenways, and support the City's effort to reduce water usage and maintenance cost by using drought tolerant material in areas normally requiring watering.

**Grantee:** Hacienda La Puente Unified School District

**Amount Awarded:** \$21,686.00

**Grantee Contact:** Mark Hansberger

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Hacienda La Puente Unified School District is removing the sand and bark to replace it with poured rubber throughout the district to ensure safe play areas for students and their families.

*Total Awarded for County:\$246,343.00*

## **Madera County**

**Grantee:** City of Madera

**Amount Awarded:** \$150,000.00

**Grantee Contact:** Sonia Hall

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The proposed projects seek to improve the accessibility and safety of our local parks through the use of tire-derived products. In order to accomplish these goals, the projects will incorporate separate products that satisfy both the requirements of the TDP 2015-16 program and the needs of our community. The first project will consist of a tiled playground surface to enhance access at our city's only universally accessible all-inclusive playground structure within Centennial Park. The second project will remove the grass and install "rubber bark" at the medians throughout the City of Madera to address the drought. This is part of our strategy to conserve water.

The projects, together, will lead to the installation of 390,000 pounds of TDP rubber, which will divert 32,500 PTE's from California's landfills.

*Total Awarded for County:\$150,000.00*

## **Riverside County**

**Grantee:** Temecula Valley Unified School District

**Amount Awarded:** \$149,277.00

**Grantee Contact:** Janet Dixon

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Rubber bark for drought resistant landscaping at four school sites. Includes soft fall zone material for one of those sites also. PROJECT IS SHOVEL-READY AND WILL BE COMPLETE WITHIN A YEAR.

*Total Awarded for County:\$149,277.00*

**San Diego County**

**Grantee:** City of Poway

**Amount Awarded:** \$68,914.00

**Grantee Contact:** Alexander Heide

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The project is to replace approximately 42,750 square feet of turf along a major City travel corridor with rubber mulch at a depth of two inches. The project focuses on areas that receive both high use and high visibility areas. The turf that is being replaced has largely died due to lack of watering from the Governor's executive drought order. The rubber mulch is expected to save hundreds of thousands of gallons annually and is part of a larger water conservation project city-wide to reduce water use.

*Total Awarded for County:\$68,914.00*

**Shasta County**

**Grantee:** Pit River Tribe

**Amount Awarded:** \$40,300.00

**Grantee Contact:** Makala Portis

**CalRecycle Grant manager:**

**Project Summary:** Rubber Mulch will be used to prevent injury to children when on the play equipment.

*Total Awarded for County:\$40,300.00*

**Sonoma County**

**Grantee:** City of Cloverdale

**Amount Awarded:** \$39,571.00

**Grantee Contact:** Mr. Rafael Miranda

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of Cloverdale requests grant funding for the installation of rubber mulch at Clark Park located on Clark Avenue, between 39 and 47 Clark Avenue. The Clark Park playground has two heavily used play areas that are in need of additional mulch, and one area that is proposed to be an additional play area that does not have any mulch currently. The grant funding will allow these play areas to be compliant with the additional rubber mulch.

*Total Awarded for County:\$39,571.00*

**Ventura County**

**Grantee:** Conejo Valley Unified School District

**Amount Awarded:** \$41,966.00

**Grantee Contact:** Trevor Earle

**CalRecycle Grant manager:**

**Project Summary:** The Project will be located at 2450 Whitechapel Pl, Thousand Oaks, CA. The Project will replace sand with NuPlay Rubber Mulch Playground Safety Surfacing with an area of xxxx Square Feet at xxxx" depth for up to xxxx' fall height. The Project will divert xxxx PTE's from the landfill.

*Total Awarded for County:\$41,966.00*

**Grant Count: 16** **Grand Total for Selected Counties: \$1,338,679.00**
